June 6, 2005

Dear Linda:

We are very appreciative of your donation to us of John James Audubon's Pinnated Grouse, being a double elephant folio size color reprint of Havell's 1834 engraving for The Birds of America (Plate CLXXXVI). We plan to use it as part of a display in our new numismatic museum.

It arrived in perfect condition and we thank you for your generous contribution. We believe the public will enjoy seeing it with our related material.

Sincerely,

Eric P. Newman, President

ERN NES
